**Principal's Report**

My 2018 has been a rich and rewarding year at Merewether High School and one where our school community has flourished. I would like to take this opportunity to thank the amazing staff, both our teaching and admin staff who work tirelessly behind the scenes whilst always smiling! There never seems a down time and I wish them a marvellous and restful vacation, well deserved at the end of this school year. Our parents, carers and community supporters are always there to offer their support. To our P&C and canteen volunteers through to the parents involved in showcases, panels and parent learning groups, I thank you personally for your interest, input and support and I would like to acknowledge the value we place on our collaborative relationship with you.

Mrs Rippon will return as our Principal for 2019 and I have enjoyed my time leading our wonderful school. It has been a frantic year of School Planning, Internal Assessment and External Validation, managing a new finance system whilst maintaining the focus on delivering an excellent educational experience for our students. There have been some major structural changes with the completion of our Admin upgrade, establishment of Futsal all-weather courts and the purchase of new lockers, our electronic sign and fan in the hall. More than these physical items, I am proud of the growth in learning in our targeted areas of 'Writing for Audience' and the use of Thinking Skills to challenge our students. Our Wellbeing programs have fostered a safe, supported learning environment where students understand and "own" their own learning journey.

Our new school leadership team has been active in community events with Captains and Vice - Captains attending both the GRIP leadership forum and also the White Ribbon Day Breakfast recently. Our Prefect group led the school recently in pledging our support to the strong message of White Ribbon, to Stand Up, Speak Out and Act to prevent men's violence against women. Prior to our last assembly the prefects issued all students with a White Ribbon to wear proudly as a show of our school's ongoing support.

We will see some staff changes at the end of 2018. Ms Taber, a long serving Humanities staff member has taken a transfer to Belmont High and Mr Bailey from our Maths faculty will take up a position at Gosford High school to be closer to his family. We welcome two new staff Ms Gabi Borelli in Humanities and Mr Mitchell Jones in the Maths staff. Ms McRae from PDHPE will take some leave to travel next year and Mr Morrissey will join us for 2019 in that faculty area. I would like to thank Mr Bailey, Ms Taber and Ms McRae for their continued efforts and hard work for our students over the years and welcome our new staff for 2019.

Over the past few weeks our Year 7 and 8 students have been involved in the Learning Reflection program, engaging in small group interviews to discuss and reflect on their learning growth. I have been impressed with the maturity and honesty shown as students shared facts of their personal goals and steps they had taken to improve their skills and understanding. Equally as impressive were the IBL Panel meetings which allowed Year 9 students to showcase their personal projects they managed with the help of a real world contact. I would like to thank the parent volunteers and Year 8 students who were part of the panel process as well and I am sure it was both informative and enjoyable. Many of these IBL Projects will be on show at our IBL EXPO on Friday 14<sup>th</sup> December in the Learning Centre.

At this point I would like to take a snapshot of some of the fantastic student achievements both within and outside of our school sphere. My sincere congratulations goes to;

Our group of students strongly involved in the 100<sup>th</sup> anniversary of Remembrance Day at Gregson Park. Adrian Harrod of Year 10 represented 316 SQN Australian Air Force Cadets while Eben Taylor and Alex Plotnikoff of Year 11 continued their involvement in remembrance ceremonies, Alex delivering a stirring piece about the significance of remembrance.

Sharvil Kesarwani of Year 11 who continues to excel on the national and International stage in Mathematics recently receiving the "Best in State Award" and a Gold Medal in the Australian Mathematics Competition. Added to this, his elite representation in the national team for the International Maths Olympiad demonstrates Sharvil's excellence in all aspects of mathematics.

Sarah Pickering and Jessica Richardson of Year 9 ensured we achieved a rare feat of having two students attend national championships as they competed in the National All Schools Athletics in Cairns in early December. Sarah qualified after outstanding results in Athletics at a State and CHS level in the 800m and 1500m while Jess Richardson competed in the Javelin having placed 1st at the NSW Championships.

**Kaiya King** was recently awarded a NSW CHS sporting blue for Trampolining sports in a ceremony at Sydney's ANZ stadium where Kaiya was recognised for his expertise and ongoing contribution to trampolining sports. Last week Kaiya was once again recognised for his excellence with the award of a Hunter Regional Sporting Blue.

**Mitch Robinson** Currently Overseas with the National Water polo side, Mitch named Hunter Region Sportsman of the Year at the recent Hunter Sports Awards

**Teyja Abel, Kaiya King, Narveen Richardson and Caleb Hopping** were awarded Hunter Sporting Blues at the Regional Presentation

**Makenzi Harvey** continues to excel in hockey both as a player and match official recently being selected to referee at the national championships in January

**Evina Yadav** of Year 10 placed first in the Elemore Vale Lions Youth of the year competition with Lily Francis of Year 9 awarded "Best Speaker of the Evening". Evina continued her outstanding representation outside of school competing in the State Finals of the UN Youth Voice Competition where she was selected to represent NSW in the National Competition in Perth next year.

**George McNamara** who recently attended the Junior State Debating Championships at the University of Sydney for 3 days.

Congratulations to **Bailey Proud** (Year 12 2018) on his success at the recent Lifesaving World Championships that were held in Adelaide, South Australia from 16 November to 2 December 2018. As a member of the Australian National Youth team Bailey medalled in 4 events. He was awarded: Bronze Medals in both the Rescue Tube Rescue and the Manikin Lifesaver Relay and Silver Medals in both the Lifesaver Relay and the Overall Point Score.

A talented swimmer and surf lifesaver, Bailey is someone to keep an eye out for in the future.

It has been my absolute pleasure to work with our staff, students and school community over the last 12 months. I wish you all a safe and happy holiday. Throughout next week we will take the time to celebrate the many successes of our students this year, commencing with Years 10 and 9 Presentations on Monday, Years 8 and 7 Presentations on Tuesday and our celebrations culminating on Wednesday 19<sup>th</sup> December with our Annual Presentation Day Assembly commencing at 10:30am. The P&C will provide morning tea after the assembly in the Learning Centre. Please come along and join us in celebrating the outstanding efforts of our students.

## Social Science

Term 4 has been a busy time for the Social Science faculty with students offered a range of extracurricular activities that enhance the learning experience of students at Merewether High School. Students undertaking Social Science subjects in the HSC in 2018 achieved considerable success. Business Studies, Legal Studies, Geography and Economics students have all worked hard completing their coursework and have finally sat their last HSC exam. The constant flow of students through the staffroom is a testament to the dedication of staff in supporting these students providing additional feedback, marking practice papers or acting as mentors guiding the students through the challenges of finishing school and embracing their futures. I want to acknowledge and thank the staff who have supported all of these activities and whose dedication forms the basis of the strong cooperative relationship that has developed between staff and students in the faculty.

**Business Studies** - In Business Studies, students are working on the first of the Key Business Functions, Operations for the HSC course. For this term, the students have been adopting the role of 'operations managers' to consider the practical strategies, processes and influences on this essential business function through contemporary business case studies. Students have selected an individual case study that they will investigate over the course of the year to deepen their understanding of business concepts. Currently, students are determining the best strategy to achieve a competitive advantage in the relevant market of their chosen business.

**Legal Studies** - Legal Studies students have enthusiastically launched into their investigation of the criminal justice system. The HSC course provides students with an opportunity to apply their understanding of key legal concepts and consider the effectiveness of the legal system in achieving justice for individuals and society. Term four has focused on exploring the role of the police investigating crime and the trial process. Students will need to be active in reviewing the media to ensure they are up to date with current legislation and new cases that test the laws.

Students enjoyed the talk by Mr Marc Riviere, a criminal barrister who gave up his time to speak to our students about the trial process and his various roles as a police officer, solicitor and more recently criminal barrister.

**Geography** - Students have commenced their HSC studies looking at Ecosystems at Risk – a very contemporary global issue. The topic examines the functioning of ecosystems, the stresses placed on them through natural occurrences and more significantly through human activities, and the ability of the ecosystems to recover from those stresses. Two ecosystems are studied in detail, and as with all of the HSC topics, fieldwork will be undertaken to assist students' understanding of the subject.

Skills continue to be an essential component of the HSC syllabus, and students will be building on the skills acquired in the junior school and the Preliminary course, as well as the introduction to new skills throughout the year. Future topics include Urban Places including a field trip to Melbourne in February next year and People and Economic Activity.

**Economics** - The HSC students have now begun studying the Global Economy, investigating issues such as the impact of global economic integration on economic growth and quality of life, the environment and distribution of wealth. Currently, students are researching the role of one Global Financial Institution in managing the Venezuelan economic crisis and managing hyperinflation.

We wish all students, parents and caregivers a wonderful holiday and Xmas.

**Mrs Burnett**

**Head Teacher Social Science**

## History

On a recent Tuesday night at Wallsend Diggers Club it was my privilege to attend the first round of the annual Lions Youth of The Year competition. There were three competitors this year with two from our school and a representative from Mount View High School rounding out the group.

Each of these students had already undergone an interview process with a panel of judges from the Lions Club responding to a range of questions related to contemporary Australian and international issues and this night was challenge for their public speaking skills. Evina Yadav (Year 10) and Lily Francis (Year 9) presented a prepared 5 minute speech on a topic of their choosing and also 2, 2 minute impromptu speeches on the topics outlined below.

The impromptu questions were first, with each of the competitors removed from the room while the others spoke to ensure that each would only hear the question immediately before answering it. The first impromptu question for the night was: *In your opinion what are the contributing factors in the rise of childhood obesity?*

Evina spoke about the implications of social and economic disadvantage in developed nations and discussed the importance of education in breaking the cycle of obesity in contemporary Australia and close the divide between social classes.

Lily discussed the alarming increases in rates of childhood obesity in Australia and identified three key contributing factors for these statistics. The factors she identified were ignorance by individuals and societies, the role of food companies and advertising in supporting these negative trends and lifestyle factors.

The second impromptu question for the night was, to me, even more challenging than the first for our young competitors: *What is the most important life lesson you have learnt and why?*

Here, Evina drew from her younger years to discuss her living with the dangers of anaphylaxis, exploring how her experiences in this area have helped shape patience and a capacity to consider decisions and the importance of careful reasoning in a crisis.

Lily's story was an exploration of taking notice of what others do for you, being grateful for these valuable connection. Reflecting on both her recent injury and the challenges of academic life Lily recognised the importance of having a support network of family and friends to her own successes.

Some excellent reflections on challenging contemporary topics were heard and given the impromptu nature of the speeches I once again found myself glad to be sitting down taking a few notes for this article rather than having to be up there giving the speech.

After dinner and a well-deserved rest break we moved onto the prepared speeches, a 5 minute speech on the student's topic of choice. Lily explored the role of team sports in the social and emotional development of young people. "Exercise is good for our bodies and minds" said Lily, especially in young people, releasing endorphins and improving focus, expanding your emotional resilience and ability to work together with people, boosting self-esteem and combating negative aspects of life like depression. Winning can be just as valuable as defeat on the sporting field and help you build skills that translate across all aspects of your life.

Whilst Evina focused on the broad social issue of 'How can Australia's legal system better provide justice for all.' 'Equality, fairness and access' started Evina, exploring the challenges of many people within the context of the contemporary justice system. Using statistics and contemporary evidence to support her position, Evina explored the groups and processes that lead to significant inequality in our system and proposed the idea that an increase in pro-bono hours amongst practicing lawyers would go a long way to rebalancing these challenges. This could be supported with the establishment of an independent advisory body facilitating the concerns of under-represented individuals and promote transformative change.

Overall both Evina and Lily presented powerful and sophisticated explorations of contemporary issues and did themselves and our school proud with the quality of their efforts. Congratulations to Evina who is our club finalist for Lions Youth of The Year 2018 and progresses into the zone competition early next year. Congratulation to Lily who achieved the award for best public speaking on the night. I hope to see just as strong a representation of our young leaders representing MHS in 2019.

### Share the Dignity 2018

A big thank you goes out from the MHS Leos to everyone who volunteered their time to support the MHS Share The Dignity Campaign this year. Our volunteers spent Friday morning assembling the donations collected from across the school in care packages which will be used to support homeless women this Christmas.

A big thank you as well to everyone across the school who donated goods to the cause. We ended with more goods than we could fit into the bags we had and that was after filling 25 bags to the absolute brim! I'm sure that Mrs Inglis, who normally coordinates this effort, will be suitably impressed with our school as well and we hope everyone starts saving up their spare hand bags ready for next year's campaign too!

## Remembrance Day

MHS has a long tradition of support and connection to our local community in regards to commemoration of Australia's role in war. Remembrance Day is an opportunity to reflect on and improve our understanding of the tragedy and lasting legacies of modern warfare and the impacts they have both here and abroad.

Our prefects honoured this tradition by taking part in the Remembrance Day service at Gregson Park along with other local schools. Arthy Mukunthan and Eben Taylor laid a wreath on behalf of the school and Alexandra Plotnikoff gave a truly inspired speech and reading of a contemporary poem regarding the physical and psychological impacts of war on returned soldiers.

For Eben and Alex, this represents the end of a year where they have engaged in a series of commemorative activities with the Humanities faculty including their extensive efforts in supporting the Combined Schools Anzac Service held earlier this year and related activities on Anzac Day including a speaking role at the Civic Park service.

The Humanities faculty would like to once again acknowledge the efforts of all of our prefects for supporting these activities. The sea of blue blazers sends a powerful message of our schools values in the wider community and our respect and acknowledgment of the sacrifices made for us.

**Steve Gibb - Head Teacher Humanities**

## MHS Chess

Congratulations to the MHS Chess team who beat all of the schools in our region for the second year running and made it to the state finals. A hard-fought day of 5 rounds of chess left us falling just shy of the top spot again this year, taking second place in the state by a mere couple of points. An excellent effort though and if we continue this trend we should be able to have another crack at the state finals in 2019!

A big thanks to our team on the day. Dunnil Yohanes (Y12), Sharvil Kesarwani (Y11), Daniel Jaeger (Y9) and Coel Mulready (Y9). A special mention also to Ruby Dempsey (Y12) and Nelsen Yohanes (Yr10) who both filled in for missing team mates during the regional playoffs.

### CAPA

The Year 8 elective Drama class had the opportunity to run their own Drama night, inviting friends and family to be their audience for the evening. "Tuesday Night Live" was the culmination of group-devised works, advertisements, skits inspired by comedians, duets and a monologue. The students were tasked with organising the night, including the production elements such as lighting, sound, props, costume, set, invitations, programs, catering, and liaising with Mr. Southward. The class presented an engaging, comedic evening that represented their hard work over the course.

### Year 8 Elective Music Performance Night

On Monday 26<sup>th</sup> November, as part of their assessment program, the Year 8 Elective Music conducted a performance night in the Learning Centre. This was a well-attended concert where the students demonstrated their performance skills as a soloist and/or ensemble member.

### Concert Band – Christmas Winds Concert

On Friday 30<sup>th</sup> November, the Concert Band performed at the Newcastle Conservatorium of Music Christmas Winds Concert. The Concert Band performed the final bracket of performances for the evening, wowing the audience with their wonderful, musically expressive sound.

**String Ensemble Hamilton Gardens**

The String Ensemble had the enjoyable experience of performing for the residents at Hamilton Gardens on Tuesday 4<sup>th</sup> December. It was a lovely performance where the students were able to showcase their 2018 repertoire plus many Christmas Carols. The audience appreciated the pieces so much that there were many requests for songs to be repeated. At the end of the performance, students were invited for afternoon tea and social time with the residents. A huge 'thank you' to Michelle Donne for helping with transport to and from the venue on the day.

**CAPA Night**

Monday 10<sup>th</sup> December was a showcase and celebration of the achievements and creativity of CAPA students from Years 7-11. A wonderful buzz was felt throughout the night with the String Ensemble entertaining the many parents and friends as they viewed artworks. The concert part of the evening began with the String and Vocal Ensemble followed by performances from Music and Drama elective students from Years 8 - 11.

**HSC VISUAL ARTS ARTEXPRESS**

Congratulations to Ella Duncan , Max Suci-Gleeson and Oscar Turmine Minchinton whose artworks have been selected in the prestigious Artpress 2019 exhibition for outstanding HSC Visual Arts artworks. Max's work will be exhibited at the Art Gallery of NSW, Oscar and Ella at The Armoury and in Sydney. Ella's work will also travel to New England Regional Art Museum. Well done to these students.

# THE UNIFORM SHOP

## Extended Opening Hours

Dear Parents/Caregivers

The Uniform Shop will close over the school holidays and reopen on the following days:

### January 2019

Saturday 19th - 8.00am-12.00pm

Monday 21st - 8.00am-12.00pm

Thursday 24th - 1.30pm-5.30pm

Wednesday 30th - 8.00am-10.00am

Thursday 31st - 1.00pm-3.30pm

All online orders are dispatched from the shop, any orders placed over the holidays will be processed and posted from: Friday 18th January 2019

Have a wonderful Christmas and New Year.

## New Uniforms for 2019

Alinta Apparel requires all new and current students requiring uniforms for 2019, to attend a uniform fitting appointment before the end of Term 4.

We recommend this, so that all students will have Uniforms for the start of the new school year and so that the wait times over the January period are reduced, making the shopping experience more enjoyable.

Lay-by Options are available in store only.

To view the Price lists, Contact Details, Opening hours and Booking information for your school please create an account or log into your account at [www.alintaapparel.com.au](http://www.alintaapparel.com.au)

Thank You

### Providing Professional services across Sydney, Newcastle and the Hunter Valley

NAC Services provides services to the Sydney, Newcastle and Hunter Valley regions. We provide sustainable solutions that are tailored to meet your requirements. We have an intimate understanding of Hazardous materials in the workplace and in the Home.

We provide clients with a cradle to grave solution and comprehensive understanding of our services and how we can help them manage their project or site. We will carry out an in depth hazard analysis and assessment of a variety of contaminants in the workplace and home. This investigative process provides the foundation for the management plan to treat and dispose of these contaminants, in a cost effective approach which meets all legislative and regulatory requirements.

We specialise in Hazardous Materials, asbestos management, building services and property maintenance. We provide accurate professional and confidential advice offering a turnkey solution that fits in with your business processes and operations. We are a leading solutions provider to both local and state government as well as the commercial sector. We are also a major supplier to the domestic market.
