

School Building Fund

Dear Parents

All schools in Australia are able to receive tax-deductible donations by way of a School Building Fund.

Merewether High School has established The Merewether Foundation which is supported by our P&C Association. This is ongoing and involves raising of funds via the Building Fund and Library Fund.

The Merewether High School Building Fund is a unique way for parents, extended family and members of the community to support the school and make a lasting difference.

While the government provides a budget, the funds only cover the running costs of the school, not the replacement and/or refurbishment of facilities.

The school relies on funding provided by the P&C and the Merewether Foundation for facilities and resources that would otherwise not be provided.

All monies raised will be used for the provision of additional educational facilities and resources at our school.

A performance space, an auditorium and additional library and software resources are current priorities. Recent years' funds have gone to our learning centre and canteen.

A donation to the MHS Building Fund or the MHS Library Fund can be when paying school fees or at any time thereafter.

Merewether High School P&C have set a recommended donation amount at \$125 for the Building Fund and \$75 for the Library Fund, but any amount would be greatly appreciated and is tax deductible.

The school will provide you with a tax receipt at the time of your donation. A method of payment form is attached for your assistance.

Merewether High School and the P&C thank everyone for their support.

Payment Options

- pay in person at the cashiers counter, which is located at the rear of the school office
- phone the school on 4969 3855 to make a credit card payment over the phone.
- online payment, see the instructions below
